ABOUT ME

I am a skilled app and web developer specializing in Flutter, React.js, Webpack, HTML, CSS, JavaScript, Firebase, and Firestore. Using React.js and Webpack, I create fast and scalable web applications, while Flutter enables me to develop cross-platform mobile applications. I integrate Firebase and Firestore for real-time database management, authentication, and cloud storage. With a passion for innovation, I stay updated with the latest technologies to deliver high-quality, scalable, and user-friendly digital solutions for businesses and startups.
